## WIFI CONNECTED BATTERY BACKUP PUMP

The PitBoss+ WiFi Connected Backup Pump is the only smart pump that monitors the health of your primary pump, backup pump, and battery—24/7.

If a problem is detected with any of the components of your pumping system, PitBoss+ will send an alert to your smartphone, giving you time to take action before your basement floods.

The PitBoss+ App also gives you visibility to the health of your system remotely, from anywhere and at any time.

- *Patented technology monitors the health of your primary pump, backup pump and battery 24/7*
- *Sends alerts via the PitBoss+ App if a problem is detected*
- *PitBoss+ App lets you see the number of pump cycles per day, gallons pumped, battery health and more, plus set up and manage multiple contacts to receive alerts.*

*WiFi stays up during an outage with included Internet battery backup*
